Pat Vinish (902) 369-2258 (fax too)

Plants for shipping are bare root and well packed for Canada Post handling. Shipping, packing, and handling are flat rated for orders of any size: 15.00 to Alberta and British Columbia, 12.00 to all other provinces, and as an incentive; free to any Canada Post address "North of 60" or to the Labrador part of NL. (I want a 2 years progress report!) Prices are in Canadian funds of course. No GST, HST, PST, etc to add on!

- Items marked with (*) in price column are new stock this year and therefore not necessarily field grown this year.

PHOTOS of many of the Perennials in our gardens and field rows are now available online at SkyDrive:

<http://cid72608135acce68eb.skydrive.live.com/home.aspx>

Paste the preceding link into your browser address bar to see our shared photos. We are able to post more than 100's of named photos from our fields.

Any Perennial described on this list that has one or more photos posted on SkyDrive will have the following symbol in the description box: #. More photos to be posted at unpredictable times!

This symbol does not act as a live link yet, so look alphabetically on SkyDrive in the appropriate folder.

Choose the order/payment method that suits you best.

Payments by cheque, money order, PayPal, draft, hyperWALLET, Internet e-mail transfer (via any Canadian bank account,) or "client to client transfer" within the Credit Unions (Caisses Populaire). (Request my account info for this "client to client transfer".) Sorry no debit or credit cards. You **can** use **credit card** to pay via a PayPal account.

2010 Daylilies/hemerocallis

SSM'97 etc. = Stout Silver Medal Winner year 1997 etc. Highest annual award of American Hemerocallis Society.

Prices reduced for 2010: look for **Yellow Highlighted Names and Prices**.
Our **new introductions** for 2010 are **Highlighted in Bright Green**

When to Divide Grasses

- divide when actively growing:
- cool season grasses - spring, not summer; again in early fall
- warm season grasses - spring until mid-summer (do not divide any time during the flowering stage)
- evergreen grasses and sedges - spring only

“Each blade of grass whispers to another.” A saying heard in southern Africa noting our interconnectedness and how each of our small efforts contributes to the results of the whole.

ORNAMENTAL GRASSES					
Item Ht./wide/scape	Bloom time/ colour/ sun & moisture	# = Pix Posted	Quantity Ordered	Price 6" Pot	Line Total
ACORUS americanus (Sweet Flag) Iris like plant. 90/60 Once used as a strewing herb due to its very aromatic leaves. A wetland plant for sun. # ✕			0	8.75 1.5 gal.	.00
BRIZA media (Quaking Grass) 30/45/45/clumping, iridescent-green. V.hardy, for various average locations. ✕			0	6.50	.00

This list can be returned by e-mail as an **Order Form**. At the minimum just indicate the quantity of the items you want -- we can work out all the rest.

Make your order any other way you like. Some cut and paste what they want into a new document; others just list the names wanted and quantities. ---- whatever works for you.

This form is set up for additions in the quantity and extension columns --- click the Table tab, then Formulas.

Just advise your shipping address, intended payment method, and preferred date to receive your plants.

Within a day or so we will send you back a confirmation of your order details and the final payment needed for the order.

Send your payment after you get your order confirmation.

Then enjoy the rest of the winter dreaming how to arrange the new residents for your garden.

Thank you for considering our plants for your 2010 garden!
